CIRCULAR NO. 17/219E

To: All Parents / Guardian

Date: 16/4/2018

Prevention of Gastroenteritis

School would like to inform all parents that there are numbers of students who applied for sick leave due to the vomiting syndrome last week. At the same time, a few teachers also suffer from gastroenteritis symptoms. School thus has reported to Centre for Health Protection (CHP).

A thorough cleaning has been done immediately in school. Students will be reminded to keep personal hygiene. Parents are advised to monitor children's health condition closely, if suffering from throat pain, coughing, runny nose, itchy skin rashes or eye inflammation, students must stay home and seek early medical treatment and resume classes until recovery.

For enquiries, please contact our school nurse, Ms Chan at 2393 0119.

Yours faithfully,

(Ms Leung Wun Kam)
Principal
