Summer Holiday Paired Reading programme

Reading is essential to life learning. Through reading, we can broaden our horizon. To foster better reading habit, we are now holding the paired reading programme to encourage parents to read with students.

Below is the brief introduction of this programme. Parents are suggested to guide your child to borrow books from School Library or Public Library. Please return the record book after holiday. Those who successfully complete the record book will be awarded with gifts. Should you have any queries, please feel free to contact Ms Lo Siu Wa at 2393 0119.

Yours faithfully,

(Ms Leung Wun Kam)

Principal

Summer Holiday Paired Reading programme

Duration: Summer Holiday 《19th July, 2018 (Thursday) to 2nd September, 2018 (Sunday)》

Target: P.1 to P.6 students and parents

Parents have to sign on the record book after finishing each reading. For those who have done one reading record during the holiday will have a gift. To encourage reading and writing, an additional gift will be delivered to those who can complete all three reading records.

Some suggestions:

1. Parents must arrange reading time regularly. Reading materials include story books, educational publications or newspapers etc.
2. Each reading time should be limited to 15 to 30 minutes.
3. Parents should guide your child to understand the content by discussion.
4. Parents should allocate the same time to read and share with children every day.
5. Parents are also suggested to guide your child to borrow books from Public Library.
6. If possible, parents may teach your child to write a book report.
7. All reading record books must be returned to class teacher after the holiday.
